Qualification Information

Occupational Certificate: Supply Chain Manager

Level 6

SAQA ID – 111357

180 Credits

Entry Requirements:

- NQF Level 4 with Mathematical Literacy and at least 2 years industry experience or a relevant NQF Level 5 qualification.

Occupational Purpose:

- A Supply Chain Manager implements the supply chain strategy, develops operational plans, sets performance objectives, manages and monitors service delivery across the supply chain.

Occupational Tasks:

- Develop operational plans for the implementation of supply chain strategy across the supply chain.
- Develop execution guidelines for supply chain policies.
- Monitor and evaluate implementation of operational plans.

Qualification Information

Purpose of the Knowledge Modules:

The knowledge acquired will enable learners to demonstrate an understanding of:

(KM-01):

- Supply chain management theory

(KM-02):

- Supply chain service delivery operational planning

(KM-03):

- Risks, compliance management and supply chain vulnerability

(KM-04):

- Operational performance management and improvement

(KM-05):

- Management of major programmes and projects

Purpose of the Practical Modules:

The focus of the learning in the practical modules is on providing the learner an opportunity to:

(PM-01):

- Translate the supply chain, priorities, objectives and targets into operational plans and performance objectives

(PM-02):

- Align supply chain operational schedules with associated operational plans and performance objectives

(PM-03):

- Develop a risk management strategy

(PM-04):

- Develop procedures for the implementation of operational plans

Qualification Information

Purpose of the Practical Modules:

The focus of the learning in the practical modules is on providing the learner an opportunity to:

(PM-05):

- Determine contract specifications and service level agreements

(PM-06):

- Develop criteria to monitor implementation of operational plans against supply chain strategy

(PM-07):

- Develop criteria and evaluate operational scheduling implementation compliance

Purpose of the Workplace Modules:

The focus of the learning in the practical modules is on providing the learner an opportunity to:

(WM-01):

- Operational planning processes

(WM-02):

- Execution guidelines development processes

(WM-03):

- Processes for monitoring and evaluating operational plans

Edge Training Will Provide

- Full project management of qualification
- Registration of the qualification with the relevant SETA
- Enrolment of the learner with QCTO for the qualification
- Facilitation by a Subject Matter Expert
- Venue suitable for the number of delegates
- Course material
- Monthly progress reports via the Edge Client Portal
- Booking of final exam (EISA) with the relevant SETA
- Certificates of Attendance
